FOR IMMEDIATE RELEASE

The Perfect Press: Grill Smarter with Hatco® Panini Grills

Precision, Performance, and Space-Saving Versatility

MILWAUKEE – January 2025 – Hatco® is excited to introduce its line of Panini Grills, offering a powerful and compact solution designed for high-quality cooking with precision and efficiency. Ideal for any foodservice operation, the PG14 models feature digital controls, superior heat distribution, and a space-saving design, making them a must-have for busy kitchens.

Key Features:

- **Precision Cooking**: User-friendly digital controls allow for easy time and temperature adjustments, ensuring consistent results with every use.
- **Exceptional Heat Distribution**: Exclusive heating elements and aluminum grill plates, available in smooth or grooved options, guarantee even cooking.
- **Space-Saving Design**: With a compact 14" (356 mm) footprint, a durable stainless steel frame, and easy-to-clean aluminum plates, the PG14 fits seamlessly into any kitchen layout.
- **High-Temperature Capability**: A maximum temperature of 500°F (260°C) provides the high heat needed for sandwiches, wraps, proteins, and more, while a self-adjusting top plate accommodates products up to 3" (75 mm) thick.

PG14FG-1 Panini Grill with a grooved top plate and smooth bottom plate.

The Hatco Panini Grill is perfect for convenience stores, cafés, colleges & universities, concessions, delis, food trucks, full service restaurants, ghost kitchens, hospitality, and quick service restaurants. Models are available in 120, 220, 230 or 240V.

For more details on how you can deliver consistently delicious results with the PG14 Panini Grill, contact your Hatco sales representative, download the equipment spec sheet, or visit www.hatcocorp.com.
