Narrow LED Display Lights

Models: NLL-30, -36, -42, -48, -54, -60

Narrow LED Display Lights are Hatco's slim style that is ideal for installation in tight spaces, but emit little or no heat. Providing a bright display area, the LED lighting is ideal above refrigerated product areas where an attractive glow is needed to enhance your food products. This lighting will deliver significant savings because of lower energy consumption, longer bulb lifetime and greater reliability.

Standard features

- Available in widths from 30" to 60" (762 to 1524 mm)
- 120 volt, single phase only with On/Off rocker switch
- Supplied with non-adjustable 1.5" (38 mm) angle brackets for under-shelf mounting
- Utilizing LED lighting, ideal above refrigerated product areas (not recommended for installation above or near a steam table or other steam generating appliance)
- Optional *Designer* powdercoated colors, Gloss finishes, Plated finishes and Stainless Steel housing available
- 6" (152 mm) leads (no conduits)

NLL-36 in Designer Black (standard)
