Electric Salamander

Model: SAL-1

Hatco's Electric Salamander is specially designed for versatility, with the capability to cook, grill, hold and reheat. The unique features and flexibility of the Hatco Salamander make it easy to operate, energy efficient and highly functional in any kitchen.

Standard features

- Instant-On heating elements located in the upper housing
- Plate detection feature activates the Instant-On heating elements when a food plate comes into contact with the bar, and deactivates when removed
- Heating elements are only on when in use, eliminating residual heat in the kitchen
- The HOLD function has eight programmable heat levels
- Adjustable upper housing give 4.5" (114 mm) of vertical movement
- Flat, touch control panel
- Standard model shipped with removeable cooking grate and drip tray, wall mounting hardware, 4" (102 mm) adjustable black plastic legs and cord & plug

SAL-1
Adjustable upper housing has movement range of 4.5" (114 mm)

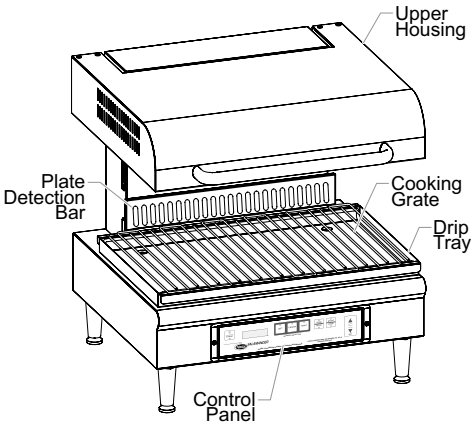

SAL-1
shown with pan (not included)
