Countertop Shields - Front Units and Side Unit

Front Shield Models: CTS-3012, -3612, -4212, -4812
Side Shield Model: CTS-0815,

Hatco's lightweight, clear, transparent Countertop Shields can help in efforts to prevent the spread of germs and viruses. It is uniquely designed for buffet areas and can also help at checkout registers, restaurants, pharmacies and other areas. It acts as a physical barrier that can limit the passing of contagions at customer interaction points. Clear partitions are more important than ever. Countertop Shields can stand on their own and do not require tools for assembly. If desired, Support Stand Brackets can be secured to surface using the mounting screw holes. Extremely versatile, they can be configured to the shield you need!

Standard features

- Helps maintain social distance and physical separation
- Helps protect customers and employees
- Easily sanitized using non-abrasive cleaners
- Completely transparent/clear - will not obscure vision
- More impact resistant than glass
- Customizable configurations to fit your space
- Durable, light weight and portable
- Easy to install
- Front Shield unit is 0.22" (5.6 mm) thick acrylic with rounded edges and comes with two Support Stand Brackets with four 0.25" (6 mm) holes for optional mounting
- Side Shields are are 0.22" (5.6 mm) thick acrylic with rounded edges, sold in pairs and include two Support Stand Brackets
