Electric Rotating Waffle Makers

Models: KWMSL-2LG413, -4BR46

Hatco®/Krampouz® KWMSL 180° Electric Rotating Waffle Makers produce excellent-quality waffles for commercial kitchens and display cooking locations. The adjustable temperature control enables operators to prepare waffles of consistent quality from a variety of different batters or doughs. Exclusive, removable top and bottom heating element packs provide exceptional heat distribution over the entire waffle plate surface. The Waffle Makers' Easy Clean System® provides quick removal and easy cleaning of the waffle plates.

KWMSL-2LG413
Use dough to create Liege Waffles in their traditional size. A Belgian specialty creates two caramalised rustic waffles at a time.

KWMSL-4BR46
Use batter to create Brussels (or fairground) Waffles. Produces four uniform 4x6" waffles that are light on the inside and crispy on the outside.

Standard features

- KWMSL models feature a 180° swivel system that rotates the waffle plates
- Designed for cooking waffles from batter or dough, as well as reheating pre-cooked waffles
- Available with Liège or Brussels rectangle cast iron waffle plates
- Stainless steel frame, with a cast iron griddle, is designed for quality and durability
- Innovative Easy Clean System® allows for instant removal of the waffle plates, providing ease of maintenance and increased reliability
- Adjustable Thermostatic Control(s) with a range from 120°F – 570°F (50°C – 300°C) allows for precise temperature control
- Also comes with a power indicator, a heating indicator, a removable drip tray and a 6' (1829 mm) cord and plug
