Countertop Induction Griddle

Models: IGRID-2418-FS

Built to withstand the rigorous demands of commercial foodservice kitchens, Hatco's heavy-duty Induction Griddle is the ultimate countertop workhorse. This versatile unit delivers exceptional performance across a wide range of menu items — from fluffy pancakes to juicy burgers and more — with a durable, polished steel surface designed for high-volume use. It also includes a wide grease trough, an oversized drain, and a removable grease pan to ensure hassle-free cleanup. This griddle is a must-have for any operation looking to combine efficiency, durability and precision cooking.

IGRID-2418-FS

Standard features:

- Cooktop reaches 350°F (177°C) in 12 minutes for a fast, efficient startup
- Maximum cooking temperature of 550°F (288°C)
- Features a ¾" (19 mm) flat, polished steel cooktop, sized at 24"W x 18"D (610 x 457 mm)
- Power Save Mode maintains a lower, user-set temperature to reduce energy use without shutting off the unit
- 12 induction coils deliver consistent, even heat distribution across the entire cooking surface
- Two independently controlled heat zones, each with four temperature sensors, ensure responsive and reliable temperature management
- Each heat zone features a digital readout and control knob for 1° adjustments, offering precise control to reach and maintain desired cooking temperatures
- Attached 4.18" (106 mm) wide grease trough, oversized drain, and easily removable grease pan simplify cleanup
- Comes equipped with a 71" (1823 mm) cord and plug for convenient installation
